Privacy Act of 1974; Matching Program.

AGENCY: Federal Communications Commission.

ACTION: Notice of a New Matching Program.

SUMMARY: In accordance with the Privacy Act of 1974, as amended (“Privacy Act”), this notice announces the establishment of a computer matching program the Federal Communications Commission (“FCC” or “Commission” or “Agency”) and the Universal Service Administrative Company (USAC) will conduct with agencies from the States of Georgia and Iowa. The purpose of this matching program is to verify the eligibility of applicants to and subscribers of the Universal Service Fund (USF) Lifeline program, which is administered by USAC under the direction of the FCC. More information about this program is provided in the “Supplementary Information” section below.

DATES: Written comments are due on or before June 24, 2019. This computer matching program will commence on June 24, 2019, unless comments are received that require a contrary determination, and will conclude on November 24, 2020.

SUPPLEMENTARY INFORMATION: The Lifeline program provides support for discounted broadband and voice services to low-income consumers. Lifeline is administered by the Universal Service Administrative Company (USAC) under FCC direction. Consumers

qualify for Lifeline through proof of income or participation in a qualifying program, such as Medicaid, the Supplemental Nutritional Assistance Program (SNAP), Federal Public Housing Assistance, Supplemental Security Income (SSI), Veterans and Survivors Pension Benefit, or various Tribal-specific federal assistance programs. In a Report and Order adopted on March 31, 2016, the Commission ordered USAC to create a National Lifeline Eligibility Verifier (“National Verifier”), including the National Lifeline Eligibility Database (LED), that would match data about Lifeline applicants and subscribers with other data sources to verify the eligibility of an applicant or subscriber. The Commission found that the National Verifier would reduce compliance costs for Lifeline service providers, improve service for Lifeline subscribers, and reduce waste, fraud, and abuse in the program. The purpose of this particular program is to verify Lifeline eligibility by establishing that applicants or subscribers from Georgia and Iowa are enrolled in the SNAP program.

PARTICIPATING NON-FEDERAL AGENCIES:

- The Georgia Department of Human Services, Department of Children and Family Services; and
- The Iowa Department of Human Services.

AUTHORITY FOR CONDUCTING THE MATCHING PROGRAM: 47 U.S.C. 254; 47 CFR 54.400 et seq.; Lifeline and Link Up Reform and Modernization, et al., Third Report and Order, Further Report and Order, and Order on Reconsideration, 31 FCC Rcd 3962, 4006-21, paras. 126-66 (2016) (2016 Lifeline Modernization Order).

PURPOSE(S): In the 2016 Lifeline Modernization Order, the FCC required USAC to develop and operate a National Lifeline Eligibility Verifier (National Verifier) to improve efficiency and reduce waste, fraud, and abuse in the Lifeline program. The stated purpose of the National

Verifier is “to increase the integrity and improve the performance of the Lifeline program for the benefit of a variety of Lifeline participants, including Lifeline providers, subscribers, states, community-based organizations, USAC, and the Commission.” 31 FCC Rcd 3962, 4006, para.

126. To help determine whether Lifeline applicants and subscribers are eligible for Lifeline benefits, the Order contemplates that a USAC-operated Lifeline Eligibility Database (LED) will communicate with information systems and databases operated by other Federal and State agencies. Id. at 4011-2, paras. 135-7.

CATEGORIES OF INDIVIDUALS: The categories of individuals whose information is involved in this matching program include, but are not limited to, those individuals (residing in a single household) who have applied for Lifeline benefits; are currently receiving Lifeline benefits; are individuals who enable another individual in their household to qualify for Lifeline benefits; are minors whose status qualifies a parent or guardian for Lifeline benefits; are individuals who have received Lifeline benefits; or are individuals acting on behalf of an eligible telecommunications carrier (ETC) who have enrolled individuals in the Lifeline program.

CATEGORIES OF RECORDS: The categories of records involved in the matching program include, but are not limited to, a Lifeline applicant or subscriber’s full name; physical and mailing addresses; partial Social Security number or Tribal ID number; date of birth; qualifying person’s full name (if qualifying person is different from subscriber); qualifying person’s physical and mailing addresses; qualifying person’s partial Social Security number or Tribal ID number, and qualifying person’s date of birth. The National Verifier will transfer these data elements to the source agencies, which will respond either “yes” or “no” that the individual is enrolled in a Lifeline-qualifying assistance program.

SYSTEM(S) OF RECORDS: The USAC records shared as part of this matching program reside in the Lifeline system of records, FCC/WCB-1, Lifeline Program, a notice of which the FCC published at 82 FR 38686 (Aug. 15, 2017) and became effective on September 14, 2017.
